calendar!*

Workplace diversity

Google engineer sacked over controversial gender memo:
A Google employee who wrote a controversial memo arguing that women were less suited than men to engineering and leadership jobs in the tech industry has been sacked by the Silicon Valley company. [Read More](#).

Engineering is not in the Hot Seat Anymore??? *What???*

While Karnataka Examination Authorities (KEA) is wrapping up the last round of Karnataka Common Entrance Test (K-CET) counselling for Engineering courses, officials said there is a 15-20 per cent dip in takers for the course this year as compared to the last. [Learn more](#).

Anyone Interested to Join the Pool of Engineers to Develop a Self-driving Car?

BMW allies itself with engineering firms as doubts arise over profitability of self-driving cars:
BMW and Daimler, the world's top luxury carmakers, have announced alliances with suppliers, talking up the virtues of having a bigger pool of engineers to develop a self-driving car.
